Only 5 minutes from Manhattan and nestled in the historic Mott Haven neighborhood of the South Bronx is a hidden gem that offers a cool yet versatile space in a unique industrial area of New York City. The building itself was originally built in 1929 and has been used over the years as an ironworks showroom, a lace factory, a vending machine company and finally as a venue to display the magic of beer.

THE BREWERY FLOOR Available for use when the beer isn't being made. A large space with an industrial factory vibe. Incredibly modular as this space has been used for yoga sessions, painting classes, salsa dancing, private dinners and even as a set for the TV show Gotham.

THE BACKYARD: Hands down the best private outdoor drinking & partying space in The Bronx. A large space perfect for outdoor public & private parties, events, gatherings when the weather is warm.
